ORIZABA MINE IS TAKEN OVER NEW COMPANY

Silver Mines Selection Company Plans Large Campaign of Development.

The Orizaba group of mine claims located 49 miles north of Tonopah, which has been credited with a production of \$50,000 from what might be termed superficial workings, has passed to the Silver Mines Selection company, which J. C. Wier & Co., New York brokers, will finance.

Operations were inaugurated the first of this week by H. R. Bradley, who has been appointed resident superintendent, who has a number of men at work in trenching and driving open cuts with a view of spotting the site for a shaft that will be sunk and which it is hoped will eliminate danger of encountering the heavy flow of water that was sunk in a depth of 85 feet and from which a mine was sunk 30 feet in the shaft and since the shaft had a width averaging around one foot, carrying high value in silver with small gold and lead contents. Past shipments were made to the Western Ore Company, the company at Hazen.

It has been decided to do away with the old steam equipment and a 100 horsepower Diesel engine will be installed for the operation of a 20-hp compressor.

Furnishes Heavy Bond to Insure Appearance

Held to the federal grand jury in bonds of \$2000, with two charges pending against her, Mrs. May "Curley" Parker, charged with having narcotics in her possession, as well as illicit whisky, was released yesterday after a hearing before W. D. Hatton, U. S. commissioner. Mrs. Parker furnished cash security to insure her appearance in the federal court when wanted.

Attorney Walter Rowson Purchases Taylor Home

The "Eagle Nest," handsome home of Mr. and Mrs. Chas. W. Taylor, has been purchased by Walter W. Rowson, well known member of the law firm of Brown & Rowson, who will take immediate possession. The residence, which is constructed of stone and finished in hardwood, commands one of the best views of the town, and is one of the most attractive homes in Tonopah.

Mrs. P. M. Bowler Now on Road to Recovery

Mrs. P. M. Bowler, aged pioneer of Reese river, who suffered a broken arm and a severe cut about the head, is reported as being on the fair road to recovery. Although the patient is 91 years of age, and her condition was considered serious for a time, she combatted the ailment and unless unforeseen complications should develop, she will make a complete recovery. Her daughter, Mrs. E. E. Seylor of Peavine, who has been at the bedside of her mother in Austin, is expected to return to her home today.

CONVENTION OF K. OF C. WILL BE HELD HERE

State Gathering Will Assemble in Tonopah at K. of C. Hall on Next Monday.

The state convention of the Knights of Columbus will assemble in Tonopah on Monday and the sessions will be held in the K. of C. hall on Brougher avenue, and a large gathering is expected to be present. The principal business to be transacted will be the election of officers to serve for the ensuing year and the consideration and adoption of a resolution to be presented to the national convention.

On Monday night, council will honor the Rt. Rev. P. J. Keane, bishop of the Sacramento diocese, at a banquet, which will be limited to local and visiting members, and their ladies. This was decided upon in view of the fact that the banquet hall only has seating capacity for 125 diners.

Father Keane will be the guest of the Goldfield council on Sunday, at which time he will confer confirmation on a class, in that camp. It is not known at this time whether confirmation will be conferred in Tonopah, owing to a conflict in the dates.

MOVEMENT WAS SALVATION OF PRESBYTERIANS

New Era Idea for Missionary and Educational Enterprises Saved Day.

(By Associated Press) DES MONIES, May 19.—Without some such enterprise as the New Era Movement, which was launched in 1918 as a church expansion program, missionary and educational enterprises of the Presbyterian church in the United States of America (north) "would have been utterly unable to continue their work," according to the report of the committee on the movement. This report, submitted to the general assembly of the church here today, also declared that "during the brief period of years, when the cost of doing business has steadily been mounting, it is significant that the receipts of our missionary and benevolence agencies should practically have doubled."

CHINAMAN ARRESTED ON NARCOTIC CHARGE

Geo Fong was arrested last night for the second time within a period of four weeks, charged with having narcotics in his possession. The arrest was made by H. H. Haley, special federal narcotic officer, and Fong was landed in the county jail.

Following the arrest of Fong four weeks ago he was indicted by the federal grand jury, but secured his release on bonds. His case has been set down for an early trial at Carson City and it is probable that he will be held and tried for the second of times in the event that the evidence warrants binding him over. Complaint was filed with W. D. Hatton, U. S. commissioner of Tonopah.

H. H. BACON, well known capitalist of southern California, and former resident of Tonopah, still retaining extensive realty interests here, was an arrival yesterday. Mr. Bacon informed F. J. Cavanaugh he now makes his home in Las Vegas and has no permanent address.

E. J. ERICKSON, secretary-treasurer of the Tonopah Divide Mining company, and William Watters, the superintendent, will arrive home from Carson City tomorrow afternoon, where they attended the funeral of the late Wilson Brougher. Mr. Erickson served as a pallbearer at the obsequies.

MANY VISITORS OF BATTLE MTN. SEE FLORENCE

Two Auto Loads of Mining Men Visit Goldfield and Look Over the District.

Bringing with him to see the sights of the metropolis an appreciable part of the population of the town of Battle Mountain, F. Sommer Schmidt, manager of the Florence, arrived here Wednesday, says the Tribune. The party came in two autos, making slow time because of stops at several of the desert caravansaries along the way.

The party consisted of Mr. and Mrs. Schmidt, Mrs. Hazel McNeely and son James, Miss Bonnie Laikin, protégé of Mrs. Schmidt; Pat Tiltford, superintendent for the Breitung interests at Battle Mountain; and Prince Schmidt, here to visit his son Chicken, who has been adopted by Bob McCarthy, superintendent of the Florence mine. Mrs. Mary Schmidt, mother of F. Sommer Schmidt, and Mrs. G. Sachse, his aunt, arrived here last night from Los Angeles, also to see the sights of the metropolis. Mrs. Schmidt and Mrs. Sachse, originally from New York, now make their home in Los Angeles. They will visit the mines while here, and also enjoy the Goldfield sunshine after their stay in Los Angeles.

The party will remain here for a few days and then Mr. Schmidt, his mother and aunt and Mr. Tiltford will drive to Los Angeles and the others will return to Battle Mountain. Mr. Schmidt said this morning that there was a slight improvement noticeable in the copper situation. Mr. McCarthy, in a discussion with his boss regarding the famous cut-down "jit" of the Florence company, said the machine would be all right if the boss would have the radiator cap jacked up and a new body slipped under it. Because of the era of unusual prosperity the company has been enjoying recently the manager is said to be considering seriously buying an auto for use by the superintendent.

LUCKY BOY LEASERS SHIPPING RICH ORE

Hugo Wickstrom and Dave Lihm, formerly well known leasers on the MacNamara mine in Tonopah, left yesterday for Hawthorne, accompanied by Alva Miller. They are interested with Mr. Miller in a lease on the Lucky Boy mine and recently they shipped two carloads of ore that brought a settlement of better than \$200 a ton. Two more carloads of ore are ready to be sent out and will shortly be billed to the Western Ore Purchasing company at Hazen.

Join the throng Saturday night and you will wind up at Eagles hall. Full six-piece orchestra with William Logan, violinist, and "Dutch" Helmick, pianist. Fun galore.

MIDWAY SHOWS SPLENDID ORE ON 1200 LEVEL

Prospecting by Drifts Is Reported as Bringing Satisfactory Results.

The showing on the Midway mine is most encouraging and in the drifts started from the 1200 level at the point recommended by George H. Garry, well known consulting geologist, there has been a decided improvement during the past couple of weeks, although it is yet a little early to determine the extent of the possibilities of the territory being exploited. A large body of mineralized quartz is still in evidence, and picked samples show high silver values. W. J. Douglass, the superintendent, is well pleased with developments that have so far taken place and feels pretty sure that something important will take place shortly.

Geologist Garry, who has been absent from Tonopah in his official capacity with the Tonopah Belmont Development company, returned this morning, and will no doubt look over the situation at the Midway mine and until he completes his investigations an official statement will be forthcoming.

Don't forget the Eagles dance Saturday night. Fine floor, excellent music and a good time. M12-21.

AMUSEMENTS

TOM MIX'S LATEST "THRILLER" TODAY

Tom Mix, in his latest "thriller," "Trailin'," will be the attraction at the Butler today. The story involves a deep mystery affecting several lives, and is based on Max Brand's novel of the same name. Mix is first discovered in a drawing room with his wealthy father, and those who never say the western star in a Tuxedo will be curious to see him in this picture. Later he goes to the west and is mistaken for an ordinary tenderfoot, but the folks out there soon discover their mistake. Mix shows them a few things about horsemanship and fighting. There is plenty of gun play, pretty horsemanship and snappy action in "Trailin'," to say nothing of a love romance in which the beautiful Eva Novak figures. Mix is just credited with another winner in this picture.

Added to the program, screen snapshots of famous movie stars, in private and professional life.

Tomorrow, Gareth Hughes in another comedy drama, "I Can Explain," and a two-reel Sennett comedy, "The Duck Hunter."

COAL PROFITEERING WILL BE PREVENTED

(By Associated Press) WASHINGTON, May 19.—The government is going to do all within its power to prevent profiteering in the price of coal as a result of the strike, it was said today, at the White House. The matter, it was added, took up the greater part of the time at the meeting of the cabinet.
